

## Conference Gender Equality and YOU

### 1. SEX

at age 15

Had SEX

Used a CONDOM at last intercourse

### 2. Sexual ORIENTATION

before age 18

- EXPRESSION OF SEXUALITY remains FRAUGHT for the lesbian, gay, bisexual, transgender (LGBT) youth

### 3. SEXTING

before age 18

It's like a SECRET SOCIETY... to be INITIATED inside you have to send a NUDE or do this or do that then you're like a WOMAN  
(girl, Ireland, 15)

For me, if you have a chat with your girlfriend you can ask her to send you an INTIMATE PHOTO, if she sends it to you, good. DANGER is not sexting, danger is the SPREAD of these photos when we LEAVE each other  
(boy, Italy, 16)
